

We deliver

Next Day Service 9AM-9PM

Rx2Go will send a text message at 9 AM with a given 3-hour time window of the delivery ETA.

Next Day Time Window

From the dashboard, select the delivery time frame for your next day delivery:

9AM-1PM

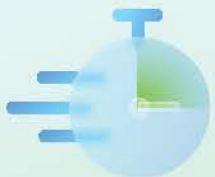

1PM-5PM

5PM-9PM

Same day delivery

For all prescription pickups prior to 12:30 pm, we can offer same day delivery

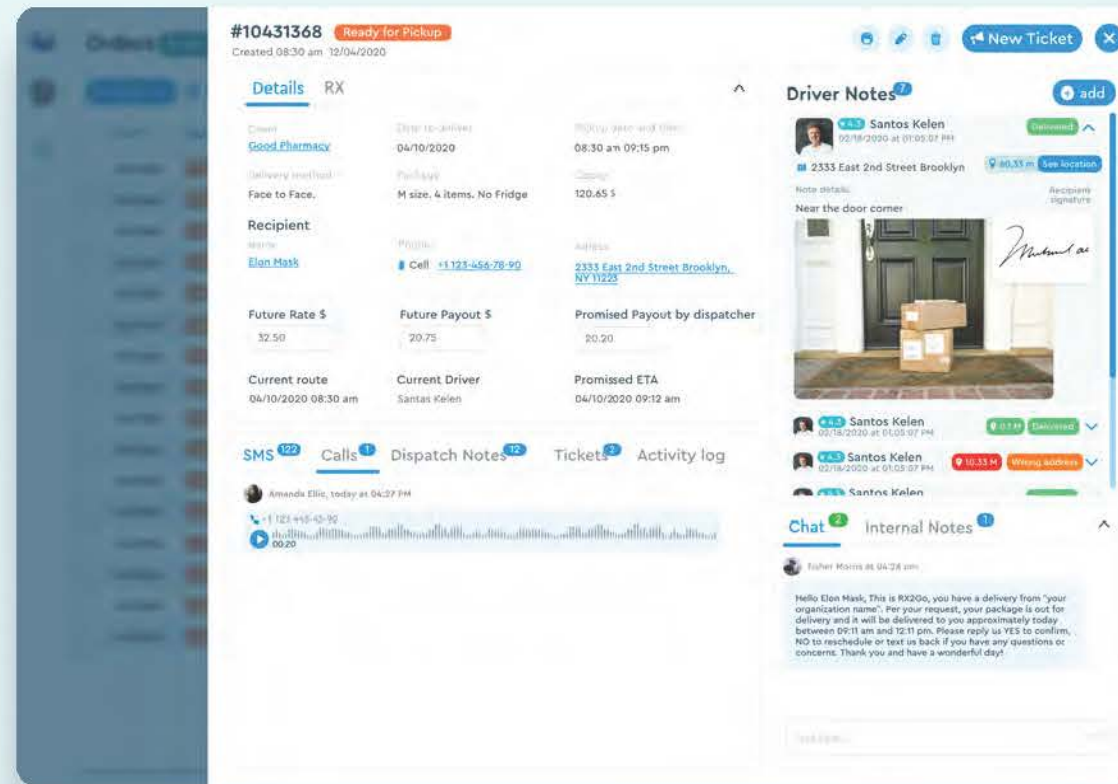

Stat delivery

Immediate delivery, upon request the medication will be delivered within 3 hours

Amazing company to work with. They integrate with any software for signatures. On time pick-up. All phone calls are recorded and text messages sent to patients are transparent on their web portal. Very friendly customer service and very flexible staff.

State of the Art Delivery Dashboard

We guarantee a worry-free experience, by offering our exclusive Delivery Dashboard, a system designed to create and track your orders.

Integrates with your current Pharmacy software:

PrimeRX

PK

Pioneer

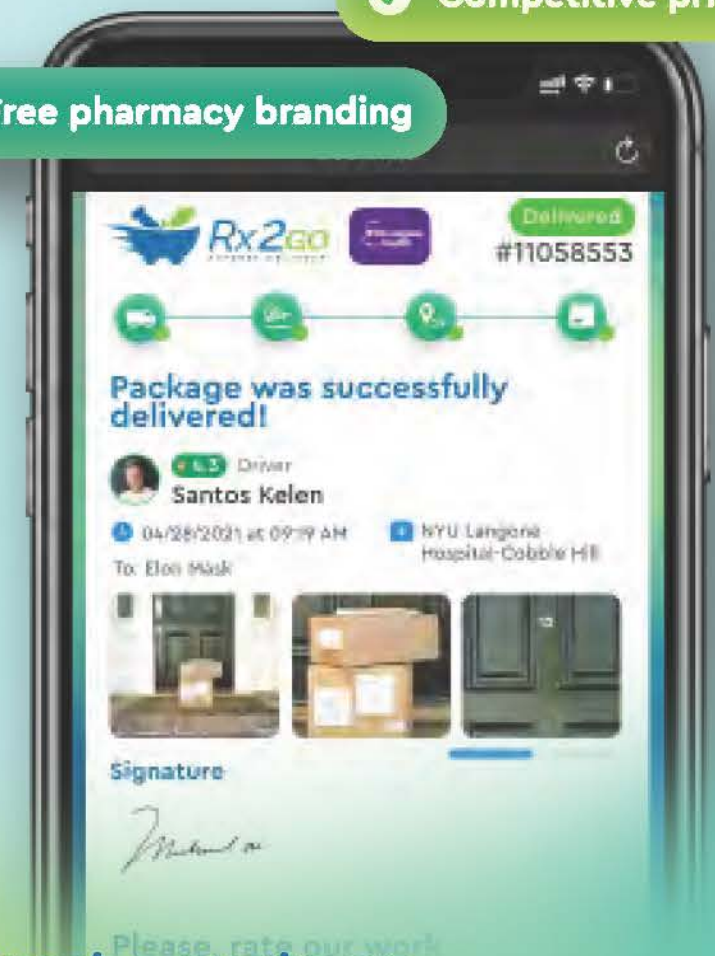

DataScan

- Eliminate double data entry**
- Enable advanced dashboard tracking**
- Create & Track Orders**
Schedule your deliveries in just a few clicks. Print labels, scan, and track all of them with advanced filters and an easy-to-use interface.
- Real-Time ETA & Updates**
Receive live updates, delivery ETAs, and status changes. Track the history of an order, and see as they go from Scheduled to Delivered.

We offer scaling solutions to your logistic operations:

- Door to door delivery of prescription service (We handle refrigerated to controlled substances)**
- Photo or ID verification upon delivery**
- Patient communication during delivery (SMS text, call center, dispatch, driver, etc. if needed)**
- Competitive pricing**
