

# Getting Started is Simple

**MICRO**  
Merchant Systems

ScriptDrop can make the delivery process more efficient for your pharmacy, while saving you money. Here are our service offerings:

#### **On-Demand Delivery**

Delivered within 2 hours with real-time delivery dispatch.

#### **Same-Day Delivery**

Orders are picked up, same-day and completed within a 4 hour service window.

#### **Next-Day Delivery**

Orders are picked up at close of business and delivered during business hours the next day.

#### **Shipping**

Integrations with FedEx, USPS, and UPS offering multiple service levels with discounted rates.

#### **SaaS Service Plus**

Includes our network of couriers, real-time status updates, signature at delivery and tamper-evident packaging.

#### **Direct Integration**

All of the above is available at the click of a button within the PrimeRx™ pharmacy system.

#### **Delivering Revenue**

Our solution reduces delivery costs by up to 14% for independent pharmacies, increasing store ROI.

#### **Courier Network**

Courier redundancies that allow us to service pharmacies in all 50 states.

#### **Real-Time Tracking**

Real-time delivery status updates and digital signatures are provided to track chain of custody.
